

Leadership & Productivity Training: Get Stuff Done

How do today's Key Opinion Leaders (CXO's) deal with increasing complexity and bridge the gap between strategy and daily operations? How do executive teams reinvent themselves and create new solutions for new realities? How do you and your teams handle ever increasing workloads? How do you manage to stay on top of your game?

Learn from top organizations how to lead disruption and how to organize stress-free productivity. During this Forum, you will access state of the art practices on how to pro-activate yourself and the organization:

Based on World Class Management Tools we will explore key steps and mechanisms which helped thousands of professionals to deliver what they promise to themselves and to others

Keeping control and staying on top of 1000 & 1 things does not depend on what software or App you use, but it requires you to work with the best systematic workflow methodology you can get; C-CORE will change the way you work in the "Knowledge Age"

Be inspired by the journey of an Airline Pilot and CEO, "From the Cockpit to the Boardroom" and discover what it takes to navigate, lead and ex-

ecute checklists and boardroom agendas across cultures.
